Department Introduction

The Department of Architecture & Urban Planning (건축·도시계획학과) under Sejong Cyber University's College of Asset Management (자산관리학부) is designed for the 4th Industrial Revolution era, aiming to train practical architecture experts who can interpret and use human living spaces multidimensionally and rationally.

Department Description

The program also trains smart urban regeneration experts and interior design experts, through the only and best integrated curriculum in Korea covering architecture, urban regeneration, and interior design together. The curriculum is based on Korea's National Competency Standards (NCS), linking theory with practice, the professional world, and certifications, from foundational through advanced stages.
