Department Introduction

The Department of Real Estate Asset Management (부동산자산경영학과) opened in 2002 as Korea's first real estate program, under Sejong Cyber University's Faculty of Asset Management (자산관리학부). The program trains real estate investment and integrated real estate service experts for the 21st-century era of asset management.

Department Description

The curriculum is built on Korea's National Competency Standards (NCS), combining theory with practice and linking directly to real estate industry needs and professional certification, from foundational courses through to core specialist tracks. Students and alumni form a professional network spanning many fields, and receive dedicated certification-prep classes and study communities (자격증 대비반) to help them earn a range of real estate certifications.
